

Pelican Cove University Covid Safety Statement

Our highest priority is ensuring the health and safety of Pelican Cove residents that attend in-person Pelican Cove University courses. We had hoped that with the advent of highly effective and safe vaccines we would be back to normal by January 2022, but regrettably that is not the case in Sarasota, Florida, and much of the rest of the country.

Pelican Cove is obligated to abide by the governor's executive orders, protocols promulgated by the Florida Department of Health, and local ordinances,

Pelican Cove University has adopted the Covid health and safety protocols of [#SafeArtsSarasota](#).

Pelican Cove residents planning to attend one or more in-person indoor PCU courses in the Pavilion, Harbor Club, and Wilbanks must show one of the following in advance of the first course session:

- A negative PCR COVID-19 test administered by a medical provider/official testing center no earlier than 72 hours before the time of the first course session **OR**
- A negative rapid antigen COVID-19 test administered by a medical provider/official testing center no earlier than 24 hours prior to the time of the first course session. Home testing kit results will not be accepted for entry. Both physical and electronic presentation of documents will be accepted for both types of tests. **OR**
- CDC or other official vaccination records showing that you are fully vaccinated against COVID-19 may be voluntarily presented in advance of the first class session as an acceptable alternative to negative COVID-19 test results. Proof of vaccination can include the original vaccination card, a printed copy, or a photo of the card. Full COVID-19 vaccination means two weeks after the final dose of the Pfizer or Moderna vaccine or two weeks after the one-dose Johnson & Johnson vaccine.

Additional Covid safety protocols include:

- All course participants, regardless of vaccination or testing status, must wear masks over their nose and mouth at all times during in-person courses in the Pavilion and Harbor Club. If you forget to bring a mask, we will have disposable ones available.

Protocols will be revisited and may be revised based on CDC guidance, actions taken by the Pelican Cove Board of Directors and management, and the evolving

circumstances of the pandemic.

We ask that you please help us ensure that everyone in our community can safely attend and participate in in-person PCU courses. Thank you for doing your part.
